

# 10 Things to Ask a Home Inspector

1. What are your qualifications? Are you a member of the American Society of Home Inspectors or National Association of Home Inspectors? (don't use an inspector who's not a member of one of these organizations)
2. Do you have a current license? Inspectors are not required to be licensed in every state.
3. How many inspections of properties such as this do you do each year?
4. Do you have a list of past clients I can contact?
5. Do you carry professional errors and omission insurance? May I have a copy of the policy?
6. Do you provide any guarantees of your work?
7. What specifically will the inspection cover?
8. What type of report will I receive after the inspection?
9. How long will the inspection take and how long will it take to receive the report?
10. How much will the inspection cost?
